

Arif Ozkan OZTURK

Full Stack Developer

Experienced Full Stack Developer skilled in ReactJS, Next.js, Node.js, and Django. Proficient in building scalable, high-performance applications with RESTful APIs, GraphQL, and cloud platforms like Firebase and Google Cloud.

I excel in Agile environments, test-driven development with Cypress, and creating responsive interfaces using Tailwind CSS and Bootstrap. Passionate about solving complex problems, self-learning, and delivering innovative solutions that meet business goals.

Work experience
